17. Please describe any specific aspects of the course and/or teaching practices that your instructor used that created or interfered with a welcoming and supportive learning environment that valued and supported equity, diversity and inclusion.

- It was a welcoming and supportive learning environment as I felt comfortable asking questions and participating within class.
- Making us work in groups
- Office hours
- used examples for subjects that were inclusive
- used korean for class examples

18. Please describe any specific aspects of the course and/or teaching practices that your instructor used that particularly helped you to learn the material and/or develop your own critical perspectives on the material.

- Having pictures drawn out within class helped me learn more about the material that we were learning about. As most of the topics are a little confusing especially without visually seeing it (such as through examples or walking through multiple tests).
- putting us in groups to understand lessons
- The practice and group activities were helpful
- the slides were helpful
- when i went to office hours

19. Please describe any specific aspects of the course and/or teaching practices that your instructor used that helped you to feel engaged with the course material or that encouraged you to feel that you could succeed in the course.

- Adding the opportunity to gain more extra practice really helps out in studying trying to figure out where we need to improve on. The extra practice for all the tests as well as the course summary we did on week 3.
- did group activities
- The homework reflected the lectures
- using examples and having us work on some after the lesson to test our knowledge

20. Please describe any specific aspects of the course and/or teaching practices that your instructor used that were less helpful for your learning. Optionally you may offer constructive suggestions that might improve their effectiveness.

- At times the wording of certain prompts were a little confusing to follow but with visual representation on most problems (as well as examples) helped clarify what was expected of us.
- Nothing

21. Is there anything else you would like to share about your experience in the course?

- This course has been one of my favorite linguistic courses here at UCSD, it is very interesting and further deepen my interest in linguistics.
